

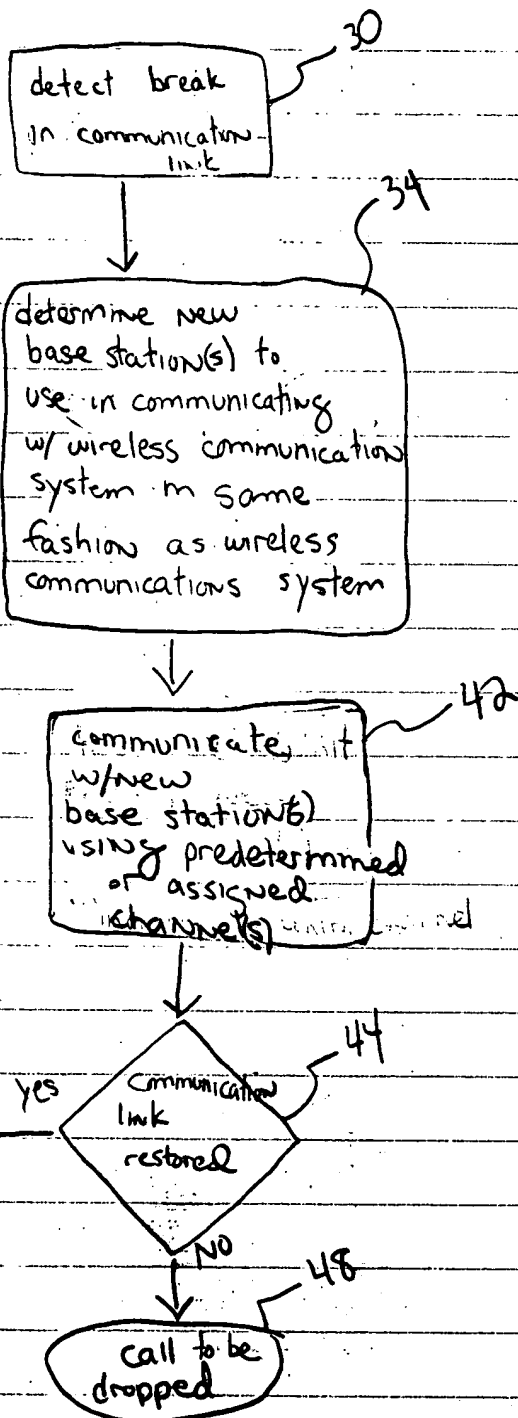

FIG. 1

Wireless Unit

Wireless Communication System

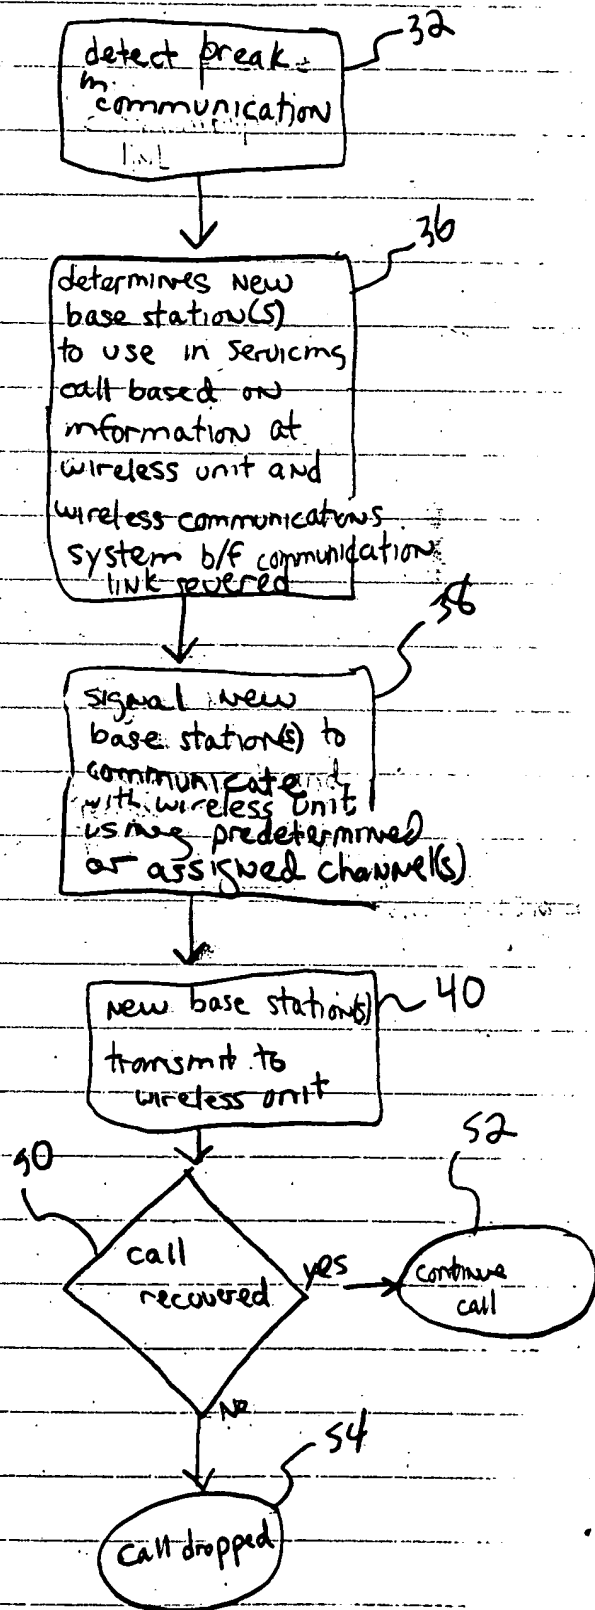

FIG. 2

FIG. 3 is a diagram illustrating a mobile communication system. A Mobile Station (60) is shown in the center, represented by a small rectangle with a vertical line extending upwards. It is connected to a Serving Base Station (62) on the left, which is represented by an oval. Two Candidate Base Stations are also shown: Candidate Base Station 64a is located above the Serving Base Station, and Candidate Base Station 64b is located above the Mobile Station. Both Candidate Base Stations are represented by ovals. The Mobile Station (60) is connected to the Serving Base Station (62) and the Candidate Base Station 64b. The Candidate Base Station 64a is also connected to the Mobile Station (60). The diagram is labeled FIG. 3.
